

Report from ASE Victorian Committee to Annual General Meeting

October 10th, 2009

The following is an overview of activities undertaken by the committee in Victoria since November 2008.

At our last AGM in November last year, Chris Andrews, Mark Atkin ASE, Trevor Holcomb, Jill Holt, Roberta Horslie ASE, Tommy Meadmore & Rob Nairn indicated that they would remain on the committee. Mark Atkin ASE remained as the chair.

At the meeting, some new faces offered to join the committee; Dani Raulli, Patrick McCabe, Peter Worland, Dave Redman, Jo Robinson, Sasha Dylan-Bell and Wayne Hyett ASE. All have been active on the committee with the exception of Peter Worland who has, subsequently, resigned for personal reasons and Wayne Hyett ASE who has been unable to attend meetings.

The addition of the new committee members has been heartening and a boost to morale. We have been able to spread the load and delegate tasks. For example, Sasha Dylan Bell has been making all our flyers and Dave Redman took on the TVC project, writing producing and directing with support and input from the committee.

Since November last year we have organised and hosted three events;

December 2008 – “File Management” presented by Marcus Herrick

May 2009 – “Codecs” presented by Chris Reynolds at activemotion

July 2009 – “Grading on FCP” presented by Peter Cave

Future events;

October 2009 – “Sound Design on the feature film, *Van Diemen’s Land*” - to be presented by the sound editing team at Music & Effects Studios.

10th November 2009 – Victorian Annual General Meeting.

Regards, Mark Atkin

ASE Chairperson, on behalf of the ASE Victorian Committee
